Fire and Forest Management Professional Undergraduate Certificate

Class Information and Instructions Fall 2024

FOR 444: Wilderness Management - Professionals

(course number for enrollment: 9564)

This course explores different approaches to wilderness management issues. We will examine the history of federal wilderness areas in the U.S., legal and management frameworks, current status of designated areas, and current or emerging management issues that professionals face.

Textbook Information

Required: There is no required textbook for this course. Readings will be provided as PDFs uploaded on Canva intermittently across course modules.

Course Dates, October 17th, 2024 to December 6th, 2024

The class begins October 17th with asynchronous **online sessions** and requires web access and an NAU email account. Course materials, readings, and assignments will become available online beginning October 17th. This course is 100% remote and asynchronous, so no travel or scheduling is required.
