

25 October 2024

Dr. Karen Pugliesi
Executive Vice President and University Provost
Northern Arizona University
1900 S Knoles Dr
Flagstaff AZ 86011
provost@nau.edu

Dear Dr. Pugliesi,

Society of American Foresters (SAF) appreciates Northern Arizona University's continued support of specialized accreditation review.

I am pleased to let you know SAF's Committee on Accreditation grants continued accreditation, under the Forestry standard, the Bachelor of Science in Forestry, administered by the School of Forestry within the College of Environment and Natural Sciences at Northern Arizona University, effective January 1, 2025 through December 31, 2034.

Some follow-up is requested by July 31, 2025. This is detailed in the accompanying Summary Findings and Actions report.

SAF's goal is to maintain a responsive accreditation process; therefore, I encourage you to make any suggestions that may help to keep accreditation an effective tool for assessing and improving the quality of forestry education. Should you have any comments or questions, please direct them to Ms. Su Ann Shupp, Manager of Accreditation. She may be reached at (202) 938-3916 or by email at accreditation@safnet.org.

Sincerely,

A handwritten signature in black ink that reads "Terry Baker".

Terry Baker
Chief Executive Officer
