

Choose an approved associate degree from your community college to transfer to NAU's <u>Bachelor of Science in Health Sciences - Allied Health.</u> The NAU academic catalog is the official source for all academic requirements and policies. Any discrepancies from other sources will default to the catalog.

Transfer Plan - 2025-2026

NAU Transfer Plans are a unique tool designed to help guide your academic journey from community college to NAU.

To be completed at the Community College:

□ Associate of Applied Science in Allied Health Field: Students must complete an associate degree at a regionally accredited community college or university in an allied health discipline and have a current state or national license that matches their allied health associate degree. Students may begin coursework at NAU while their associate degree and license are still in progress, but both must be obtained prior to enrollment in the final capstone course at NAU. Possible discipline or emphases include: • Diagnostic Medical Imaging and Therapy • General Allied Health • Medical Assisting • Paramedic Care • Physical Therapist Assisting • Respiratory Care • Surgical Technology • Occupational Therapy Associate □ AGEC Requirements: What is an AGEC? The Arizona General Education Curriculum (AGEC) is the foundation of a community college education in Arizona. Successfully completing the AGEC means all AGEC courses will transfer as a block to NAU. An AGEC is incorporated into some Associate degrees, and some degree requirements will also meet AGEC requirements. □ Additional course requirements that can be completed at the community college level: HS 205 Foundations of Public Health PSY 101 Introduction to Psychology These courses are requisites for required NAU courses. □ Additional transferable credits to reach maximum possible transfer of 90 credits. Work with your Community College advisor and your NAU Transfer Representative to identify which
