

PRACTICUM LABORATORY

Counseling Supervision Log

This form is to be used to record supervisors' comments for this client. Supervision notes must be completed generally by the student during or immediately after each supervision session. Supervisors/Practicum Instructors can also record their observations and/or comments in this log. This happens generally when conducting live observation or reviewing a video-tape and the student is not present.

Name of Student:

Year of Practicum: Fall		Spring	Summer	
Practicum Instructor:				
Date	Type of Comments and Initial of Recorder Supervision* (completed by supervisor or practicum student)			Supervisor Initials
	Supervision.	(completed by supervisor of	practicum student)	Illitials
1
